

## **Perspective Planning Division**

The primary role of the Perspective Planning Division is to analyse, assess, estimate and make projections relating to quantitative dimension of medium term and long term development plans. The exercises which are undertaken to make projection ensures that the quantitative dimensions of the plans are consistent between sectors and between various macro economic aggregates.

The activities of the Division are:

- I. Macro-Economic Modeling unit:**
- II. Unit on Fiscal Balance and Fiscal Sustainability**
- III. Agriculture Unit:**
- IV. Industries unit including Minerals, Infrastructure, Power and Transport:**
- V. Social Sector unit:**
- V. External Sector Policy and Planning and WTO Issues:**
- VII. Unit on Estimation and Measurement of Poverty and Inequality:**
- VIII. State Level Aggregation and Regional Disparity:**
- IX. National Human Development Report**
- X. Financial Sector Unit:**
